

FREEDOM TOGETHER PROGRAMME BROAD GREEN BME WOMEN'S COURSE

This free course is for Broad Green women who have had challenging backgrounds (with family or partner relationships) and would like the opportunity to educate, support, and empower other women.

We will be asking women across Broad Green to be part of changing the attitudes (and hopefully the outcomes) for BME women who are experiencing unhealthy relationships. In order to achieve this, we need input from women who have suffered or have experienced challenging relationships to help change this. You will be learning about difficult behaviour in relationships in a multicultural society, and exploring and feeding back on the unique problems faced by women and children within BME communities. Let's help our women and communities be safe!!!
