**Study team: Memory Research Team
Old Age Psychiatry**

Email: e-bame@kcl.ac.uk

The Old Age Psychiatry department are interested in the following:

- **Understanding the impact of covid-19 within Black and Asian Minority Ethnicity communities and faith groups**
- **Exploring ways to better improve health and well-being within the community pre and post covid-19 pandemic**
- **Shaping health services and research to benefit all communities**
- **Understanding key areas for future research**
