

Do you live in Norbury or Upper Norwood?

- Do you have ideas on how to bring the community together?
- What activities/events/clubs would you like to see locally?
 - Do you want to help make decisions on what really matters in your neighbourhood?
- Would you (like to) join a community action group working to make life better in Norbury and Upper Norwood?

Let's do something about it!

We have got resources to support local activities and want to hear from people who really know what's going on.

Get in touch and tell us what you think.

TCV is working with local people in Norbury and Upper Norwood and we're looking for all sorts of projects. These could be new groups, events or a newsletter. It's up to residents to decide what happens... There is no fixed outcome or agenda, just local people coming together to help improve the area.

**The more people who get involved
the better it will be**

**If you live in this area,
we want to hear from you.**

Join in, feel good
