

CROYDON COMMUNITY ENERGY

We think everyone deserves cheaper, renewable energy, generated here in Croydon.

We also want the profits to go directly back into the community to work towards a greener and fairer future for everyone.

Do you think we should help reduce Croydon's carbon footprint while helping the community and tackling fuel poverty?

Head to our website to take the 30 second survey:

www.croydoncommunityenergy.co.uk

If you'd like to get involved, we're looking for enthusiastic and resilient people to launch our first community solar project.

Let us know if you have experience in project management, solar panel installations, accounting, legal, marketing, fundraising or bid writing!
