Love Sport? Want to help your community?

Want to broaden your horizons and meet people?

Come and join us at CVA Resource Centre, 82 London Road

We are looking for people who are 18+ and from refugee or new community backgrounds to join our simple, fun training day to become a sport activator, helping to set up sports activities with your friends and neighbours. We will give you the basic tools, advice, and support to get started.

If you can't make this date, we have other sessions planned.
