**To All SWL CCG Non-NHS Providers**

Re: Patient Safety and National Patient Safety Strategy

You may all be aware that NHS England and NHS Improvement released a [National Patient Safety Strategy 'Safer culture, safer systems, safer patients'](#) in July 2019 which set out several initiatives that the NHS will implement to continuously improve patient safety. An update to the 2019 strategy was released in [Feb 2021](#). As an organisation we work closely with providing services for SWL patients, we would like to meet with you and discuss what it means for us, and how we will continue to work towards enhancing and improving our approach to patient safety across south west London

We have attached with this letter a briefing summarising the initiatives.

The CCG is holding two workshops in April and each organisation can choose one date and have a maximum of two attendees attend. To register your attendance, please email Charity Mutiti, SWL CCG Patient Safety Specialist on [Charity.Mutiti@swlondon.nhs.uk](mailto:Charity.Mutiti@swlondon.nhs.uk) by Thursday 15 April 2021. The workshops will be held on

Wednesday 21<sup>st</sup> April (10am – 12pm) and  
Thursday 29<sup>th</sup> April (10am – 12pm)

Further information and support about any of the information provided in the briefing, you can visit the national patient safety website: <https://www.england.nhs.uk/patient-safety/the-nhs-patient-safety-strategy/#patient-safety-strategy> or contact the SWL CCG Patient Safety Specialist - [Charity.Mutiti@swlondon.nhs.uk](mailto:Charity.Mutiti@swlondon.nhs.uk)

Yours sincerely

Dr Gloria Rowland

Chief Nurse

South West London Health and Care Partnership and South West London CCG
